-Full Moon Scramble/Finished-

This was the pin that was brought by Tetsuta, the new character in the next story.

Actually, this was a real pin, that was made by Ciao Magazine as a bonus for the September 2002 edition
At first, when my editor said, "Make a four-paged story that explains stuffs about this pin", I was so nervous
What can you write with only four pages?
But after polishing up Tetsuta's character, I happily wrote it
I'm really glad the pin was made nice and cool

Anyone still has it?
